## SNOW, SLEET AND WIND IN WEST

Great Storm Plunges Middle  
West States Into Misery  
and Inconvenience

SUFFERING IS INTENSE;  
UTILITIES DEMORALIZED

Trains Cease Running; Snow-  
fall in Many Places Heavi-  
est of the Season

CHICAGO, March 21.—A heavy  
snowfall throughout last night  
was followed by a blinding sleet  
storm this morning, and a forty-mile-an-  
hour gale. Intense suffering exists.  
Telephone and telegraph lines  
are crippled and suburban traffic is  
at a standstill. Transcontinental  
trains are hours late.

Nebraska, Iowa, Kansas, Illinois,  
Wisconsin, Indiana and Michigan  
are snow covered, and all trains are  
delayed.

Serious floods along the Mississippi  
and Ohio rivers are expected to ac-  
company the first warm weather, on  
account of the extremely heavy  
snows.

Snow and Cold in Iowa  
DES MOINES, Ia., March 21.—Snow  
is falling throughout Iowa; trains are  
stalled and the cold is intense.

Heaviest Snow of the Season  
DETROIT, March 21.—The heaviest  
snow of the season is falling through-  
out Michigan. Great suffering exists  
in the poorer quarters here. All wire  
service is demoralized.

Illinois Lowlands Snowed Under  
CAIRO, Ill., March 21.—The coldest  
weather of the season prevails in the  
lowlands district. A heavy snow is  
falling and all trains are late.

## FOURTEEN OF MINERS SAFE

Rescuers Work Frantically In-  
spired by Hope After Hope  
Had Failed

McCURTAIN, Okla., March 21.—  
Fourteen miners have been rescued  
alive from the San Bois mine today.  
The rescuers are now frantically  
working in hopes of finding more  
alive.

Earlier in the day all hope had  
practically been given up, and it was  
a settled conviction that all of the  
men entombed in the mine were  
dead.

EARLY BELIEF ALL DEAD—  
RELIEF TRAIN SENT AWAY

CAIRO, Okla., March 21.—The  
officials of the San Bois Coal Com-  
pany are so certain that the one  
hundred and five men entombed in  
their mine by a gas explosion yester-  
day are all dead that the relief train  
with doctors and nurses has been re-  
turned to Fort Smith.

Twenty bodies have already been  
recovered. Sorrowing women and  
children kept vigil at the mouth of  
the shaft throughout last night.

## FOUR GOVERNORS PLANNING "INLAND EMPIRE" EXHIBIT

SAN FRANCISCO, March 21.—  
Governors of four Western states are  
here today to select sites for their  
state buildings at the Panama-Pacific  
exposition. In the party are Gov-  
ernors Spry of Utah, Hawley of Idaho,  
Norris of Montana, and Hay of Wash-  
ington. They are making elaborate  
plans for an "Inland Empire" exhibit.

DR. MARY WALKER SAYS HER  
OBITUARY NOT DUE YET

NEW YORK, March 21.—Dr. Mary  
Walker was reported last night as  
resting comfortably in her hotel. Her  
condition, however, is considered  
grave, but she herself is hopeful and  
expects soon to be out. She is quoted  
as saying:  
"Don't waste your time writing my  
obituary now. It will be stale before  
you have occasion to use it. I am not  
dead yet."

## Allen Gang Out- wits Pursuers

HILLSVILLE, Va., March 21.—  
Unable to get within striking dis-  
tance of the Allen outlaws, the  
pursuing party returned today.  
They declared it would be weeks  
before the capture of the gang  
was possible.

Further trouble is feared when  
Floyd and Victor Allen are ar-  
raigned on Tuesday next on  
charges of murder and their  
participation in the recent court-  
room riot.

day of a gift of \$100,000 by J.  
Pierpont Morgan to the Peabody  
College for Teachers.

Woman Educator  
Dead After 30 Years' Service  
SAN FRANCISCO, March 21.—Miss  
Mary Agnes Deane, a member of the  
Board of Education of this city, died  
yesterday of pneumonia. Miss Deane  
has been identified with educational  
work in San Francisco for thirty  
years, and had devoted practically her  
entire life to the mental development  
of children.

Body of Woman Found  
Chopped to Ribbons in Her Home  
MILWAUKEE, March 21.—The body  
of Anna Miller, aged thirty-two, chop-  
ped to ribbons, was found in the  
kitchen of her home. The police be-  
lieve a maniac was her murderer.

Spiritualism Causes  
Woman to Kill Self and Children  
TORONTO, March 21.—"Crazed  
through studying spiritualism, Mrs.  
Emma Orta, aged 59, killed herself  
and three children, locking all in one  
room and turning on the gas. She  
left a note, saying she was certain  
her husband would welcome their  
deaths."

Woman Suffrage Goes  
Before Arizona Legislature  
PHOENIX, Ariz., March 21.—A  
woman suffrage amendment was in-  
troduced in the legislature today, be-  
ing the third bill of the session. The  
women declare they are confident of  
the amendment being carried.

Pomona Oil Man Held  
For Getting Money by Fraud  
LOS ANGELES, March 21.—E. S.  
Goode, a Pomona oil man, was held by  
Judge Summerfield to answer in the  
Superior court to the charge of ob-  
taining money under false pretenses.  
Goode furnished the required \$5000  
bail and was released.

## NORTH DAKOTA A TREMENDOUS OBJECT LESSON

SAN FRANCISCO, March 21.—  
President Stetson of the State Roose-  
velt League points to the almost com-  
plete elimination of Taft from the  
North Dakota primary contest as the  
only phase that has any important  
significance to California.

"A sweeping victory for La Follette  
in North Dakota was fully expected,"  
says Stetson. "It was known that  
Taft would be a bad third, but his vir-  
tually complete disappearance from  
the race was more than we looked  
for."

The League president points out  
that local conditions, coupled with  
proximity to Wisconsin and La Fol-  
lette's achievements there, had made  
it plain that the senator would take  
the state. As a matter of fact, his tri-  
umph was in accurate accord with  
calculations.

"We feel no disappointment, but on  
the contrary are highly gratified by  
the outcome," declares Stetson. "So  
far as we are concerned in California,  
the triumph of progressivism over  
standpatism is the only feature that  
has any bearing on our campaign. I  
repeat, this is a contest of principle,  
not of men."

"This is our attitude toward the La  
Follette men in California, and it is  
our attitude as to North Dakota. We  
rejoice in the results there, and we  
hope that the tremendous object les-  
son that has been afforded the reac-  
tionaries will be given the attention it  
deserves."

CHINESE WOMAN REGISTERS  
SAN FRANCISCO, March 21.—Mrs.  
Pon Yue, the first Chinese woman to  
register in San Francisco satisfied the  
City Registrar yesterday that she was  
entitled to cast a vote in California.  
She is a native of San Francisco and  
is 24 years old. Her husband is a pro-  
duce merchant.

## REBELS KIDNAP TEN MEXICAN MAIDENS

Sweep Them Into Hills; Par-  
ents Must Ransom Them;  
Pursuit by Posse in Vain

### MEXICO CITY LOOKING FOR ZAPATA; PREPARE DEFENSE

Rurales Revolt; Hope Felt in  
De la Barra; Crash Expect-  
ed at Jimenez Today

MEXICO CITY, March 21.—Ten of  
the most beautiful girls in Zacatecas  
City have been kidnaped by rebels  
and carried into the mountains, ac-  
cording to press dispatches. Armed  
posses have them pursued, but have  
been unable to overtake them. The  
girls' parents are collecting a ran-  
som fund.

The city council today appointed a  
committee in each ward to organize  
the citizens to resist the expected  
rebel attack. Recruits were given  
arms and are drilling daily. Two hun-  
dred rurales revolted here today. They  
were subdued after thirty-one had es-  
caped. The ringleaders will be shot.  
Word has been received that Zapata  
will be here within a week. Many are  
looking forward to former Vice Pres-  
ident de la Barra, en route from Paris  
to save the nation from its distress.

FIGHT AT JIMENEZ BETWEEN  
"REBS" AND "FEDS" EXPECTED  
EL PASO, March 21.—Five hun-  
dred rebels are mobilizing at Jim-  
enez to resist the expected attack of  
twelve hundred federals coming  
from the south. A clash is expected  
before night.  
Juarez and Northern Chihuahua  
are facing famine as a result of the  
American edict preventing the ex-  
portation of food stuffs into Mexico  
as a precaution to prevent violation  
of the neutrality laws.

INSPECTORS MUST WATCH  
FOR CONTRABAND GOODS  
SAN FRANCISCO, March 21.—Col-  
lector of Customs Frederick A. Strat-  
ton has received a letter from Pres-  
ident Taft instructing collectors along  
the Pacific coast to use every effort  
to prevent the transportation of con-  
traband arms and ammunition into  
Mexico from Pacific coast points.  
As a result of the letter all in-  
spectors have been instructed to  
make careful inspection of all ship-  
ments direct to Mexico.

## ELECTRIC LINE IS AIM OF PROMOTERS

Incorporations Filed for Road  
to Join Riverside, Redlands,  
San Jacinto, Hemet

RIVERSIDE, March 21.—Articles of  
incorporation of the Riverside and Red-  
lands Interurban Railway Co. were  
filed today. The capital stock is \$2-  
500,000, \$50,000 of which is paid.  
The incorporators are William F. Pelou-  
bet and Maurice Salzman of Los Angeles,  
F. A. Dinsmore, Charles E. Johnson  
and R. E. Smith of Riverside. There  
was much secrecy in filing, the incor-  
porators apparently wishing to avoid  
all undue publicity.

The articles express the purpose of  
the corporation to operate an electric  
railway between Riverside, Redlands,  
Hemet and San Jacinto. Peloubet  
and Salzman recently filed articles of  
incorporation of the Southern California  
Utilities Company, with the same  
amount of capital and the same  
amount paid in. The articles ex-  
pressed the purpose of the company  
to furnish electric power.

### MAINE VICTIMS AT U. S. NAVY YARD

Memorial Services Will be Held  
on Saturday—Burial in  
Arlington Cemetery

WASHINGTON, March 21.—The  
scout ship Birmingham, bearing  
the recently recovered remains of  
the victims of the old battleship Maine  
arrived at the navy yard yesterday.  
The thirty-four caskets will be taken  
at the navy yard until Saturday, when  
they will be taken to the State, War  
and Navy building and memorial ser-  
vices will be held. They will be buried  
at Arlington National Cemetery.

## DEBATE ISSUES BEFORE YOUNG VOTERS

Sewer Plan at Orange Princi-  
pal Subject of Interest at  
Banquet Discussion

### S. M. CRADDICK AND A. DITTMER SPEAK

Excellent Banquet Served the  
Newly Formed Club at Or-  
ange by Rochester Hotel

Seventy-five young men of Orange  
sat down last night to a delightful  
banquet served by the Rochester  
Hotel at Orange. It was the banquet  
of the Young Men's Political Club,  
with speakers present to present to  
the voters an outline of the conten-  
tions in the lively municipal cam-  
paign now on at Orange. Dolph  
Dittmer, who presided as toastmas-  
ter, and S. M. Craddick, who spoke  
for the opposition. Clearly, force-  
fully and earnestly these two men  
discussed their sides of the fight.

That the members of the club are  
in earnest in carrying out the pur-  
pose of the club was demonstrated  
last night in the close attention given  
the discussion, though it continued  
until after midnight.  
The purpose of the organization  
was set forth by the president, H. H.  
Gardner, who presided as toastmas-  
ter. He said the object is to study  
political conditions and men in the  
city and county governments, and to  
take a more active interest and part  
in government, to work together.

Speakers from the membership of  
the club were Leon Shadel, Clyde  
Newton, W. O. Hart and Harry Smith.  
The toastmaster in introducing S.  
M. Craddick, said that the speakers  
had been asked to give their views  
fully as a matter of instruction.  
"There has been much dispute as to  
the policies of the old board," said  
Gardner, "and we want to know both  
sides of it."

Opposition's Side  
Complimenting the club upon its  
purpose, saying that its sincerity  
augurs well for the future of the city,  
Craddick said that the time is past  
when a young man is a Democrat or  
a Presbyterian just because his fa-  
ther is.

"Whatever your office—church  
trustee, school trustee, supervisor—  
bring to bear all your business  
ability," said he. "We must discard  
that low-lived, mean word 'prejudice.'  
The only way to get anywhere in re-  
ligion or politics is to hear all sides  
and weigh each item carefully. It is  
not my wish tonight to offend any-  
one, but I take it that Mr. Dittmer  
and I are expected to use plain lan-  
guage."

"First, I shall discuss the business  
end of the city government. Some-  
body has mismanaged the city govern-  
ment so that there has been a loss of  
\$40,000 to Orange. Some of that may  
be charged up to natural mistakes  
that come with any man. The job of  
City Trustee is a thankless one. But  
I think that part of the \$40,000 is  
rightfully charged to negligence. Let's  
see."

"The Chamber of Commerce ap-  
pointed a committee of which Mr.  
Pixley and I were members. That  
committee made a wide investigation  
over a period of six to eight months.  
We brought in a report condemning  
Ransom Reid, owners of the sewer  
of Santa Ana, and I consider Reid the  
best sewer expert in California."

"We defeated the sewer bonds,  
largely because the plan was to pay  
\$6000 for a sewer farm we thought  
not worth the price, and later we got  
a sewer farm for \$200."

"The Chamber of Commerce plan  
was to put four mains across the  
city, giving all lots access within two  
blocks. We could get these mains, out-  
fall and farm for \$16,000. Reid said  
the work could be done for \$14,200.  
The sewer was to be not over six  
feet underground instead of ten,  
twelve and fourteen feet as in the  
sewer system adopted here."

"Under that system anybody could  
get connection for his lot for \$7. Under  
the present plan every connection  
costs \$15. That means a loss to me of  
\$8 on a 50-foot lot. There were 2,000  
lots in Orange, meaning a total loss  
of \$16,000."

"Second item: Because the present  
sewers are so deep it costs thirty  
cents per foot to finish up the con-  
nection by placing the pipe upon the  
lot, say an average of 100 feet. Santa  
Ana gets that same work for twenty  
cents. That means a loss of \$10 a lot,  
which for 2,000 lots is \$20,000."

"Third item: I drew the attention  
of the board to a time when sewer  
pipe could have been bought at a sav-  
ing of \$4,000. No attention was paid  
to the suggestion, making a loss of  
\$4,000."

"Mr. Pixley found three or four  
firms willing to take our bonds at  
four and half per cent, yet we are  
paying five per cent. Our money  
from paying bonds is lying in the bank  
drawing two per cent, and we are  
paying five per cent. You would not  
borrow money now to build a house

## ROOSEVELT TO SWEEP COUNTRY ON HIS TOUR

Starts Tuesday to Proclaim Right of The  
People to Rule—Fired Hot Shot  
Into Taft Camp Last Night

NEW YORK, March 21.—Colonel  
Roosevelt today announced that he  
will stump the Middle West to fur-  
ther his candidacy for the presiden-  
tial nomination. He is now prepar-  
ing his speeches and itinerary. It is  
understood that all his addresses  
will practically reiterate his Colum-  
bus speech, and discuss the recall of  
judicial decisions.  
His present plans include his de-  
parture for Chicago next Tuesday  
evening, thence to Kansas City, St.  
Paul and Minneapolis, returning via  
Detroit and other Michigan cities.  
He conferred today with Campaign  
Manager Dixon regarding the trip.

ROOSEVELT DENOUNCES  
TAFT AS REACTIONARY  
NEW YORK, March 21.—Former  
President Roosevelt in a speech de-  
livered last night at Carnegie hall un-  
der the auspices of the Civic forum,  
declared the fear of the tyranny of  
the majority, denounced the minor-  
ities, which he said were plundering  
the country, expressed belief in the  
initiative, referendum, direct primary  
and the recall, and in detail explain-  
ed his theory of the recall of the ju-  
diciary decisions.  
Having laid this constructive plat-  
form, Colonel Roosevelt turned to the  
recent utterances of President Taft,  
analyzing his statements on democ-  
racy and vigorously answered them  
in detail. The president's speech he  
characterized as an excellent plea for  
an oligarchy. He scathingly de-  
nounced Taft's views on class distinc-  
tions.  
Much of the latter part of the  
speech was devoted to a vigorous criti-  
cism of the courts and the present  
system of judicial lawmaking by in-  
terpretation.  
Colonel Roosevelt pointed to the  
French revolution as an example of  
what happens when the leadership is  
put into the hands either of unre-  
asonable conservatism or unreasonable  
radicalism, and urged the American  
people not "to trail in the dust the  
golden hopes of men."

## NEW YORK WOMEN NEARING BALLOT

Assembly Will Vote on Final  
Passage of Amendment to  
go to People

ALBANY, N. Y., March 21. Women  
suffrage yesterday advance one more  
step toward the goal of achievement  
when the Assembly unanimously ad-  
vanced to the order of final passage  
the Murray resolution providing for  
a submission of the proposition to a  
vote of the people of the state.  
It is said the rules committee, un-  
less Speaker Merritt decides to kill  
the suffrage movement for the pres-  
ent session, will place the bill on the  
calendar for final passage.

### ENGLISH SUFFRAGE GOES TO PRISON FOR 6 MONTHS

LONDON, March 21.—Ellen Pitfield,  
the suffragette who attempted to set  
fire to the general postoffice in Lon-  
don, March 3, was sentenced yester-  
day to six months' imprisonment in  
the second division. This means she  
will be allowed many privileges not  
granted to ordinary prisoners. The  
judge explained that her sentence  
would have been more severe except  
for her ill health.

## STEAMER IN ICE FLOE; IN DANGER OF FOUNDERING

MILWAUKEE, March 21.—Stranded  
in a dangerous position miles off  
short, a big steamer, believed to be  
the Cobostoga, with a crew of eighty,  
was seen today to be in danger of  
sinking momentarily. Live savers  
were soon en route to the scene.  
The steamer was later identified as  
the Conestoga. It was caught in an  
ice floe. It carried a twelve-man  
crew but no passengers.

### ALL FREAKS MAY BE BARRED FROM FAIRS IN EIGHT STATES

CHICAGO, March 21.—Going to the  
county or state fair will lose much of  
its charm if state fair officials of  
eight Central Western states carry  
out the threat they have made at  
their annual meeting here.  
They threaten to bar all kinds of  
freaks, including the snake eater and  
the fat lady.

## FEDERAL COURT HEARS RENEWED CONTROVERSY ON LEMON RATES

LOS ANGELES, March 21.—Fede-  
ral Circuit Judge Julian Mack  
is presiding today in the hearing of  
the famous lemon rate controversy,  
involving the fight of California le-  
mon growers against the \$1.15 trans-  
continental railway rate. The fight  
was renewed by the Southern Pacific,  
Santa Fe and Salt Lake railways to  
secure permanent injunction against  
the ruling of the Interstate Com-  
merce Commission favoring the dol-  
lar rate.  
The railroads are contesting on  
two grounds. They claim there is no  
evidence before the commerce com-  
mission showing the \$1.15 rate to be  
undecisionable, and that the dollar  
rate, if permanently effective, would  
prove confiscatory.  
Formidable talent represents each  
side. For the Santa Fe, Attorney T.  
Norton of Chicago; C. W. Durbrow  
for the Southern Pacific, and A. S.  
Halstead for the Salt Lake. A. F.  
Call is representing the growers.  
This hearing will probably deter-  
mine the actual merits of both rates.

## BIG RAILWAY IS HALTED BY STRIKE

Without Coal, Great Central  
Road Will Cease Running  
on Sunday Next

ACTION ON WAGE BILL IS  
EAGERLY WAITED BY ALL

Miners Demand Amendment;  
Balfour Denounces Bill;  
Conference Urged

LONDON, March 21.—Be-  
cause it is impossible to get  
coal for its engines, the Great  
Central Railway Company has  
posted notices that the road  
will suspend operations on  
Sunday until the miners' strike  
is over.

BOTH SIDES ANXIOUSLY  
WAIT WAGE BILL ACTION  
LONDON, March 21.—Declaring  
the crisis resulting from the coal  
miners' strike is the gravest in En-  
gland's history and characterizing  
Premier Asquith's minimum wage  
bill as an extreme, unwise and un-  
reasonable measure, A. J. Balfour, the  
conservative leader, moved the rejection  
of the bill in the House of Commons  
today.

The situation is graver tonight,  
with the strike unsettled and little  
prospects for settlement. Both sides  
are awaiting government action on  
the Asquith bill.  
But unless Premier Asquith ac-  
cepts their amendment to his mini-  
mum wage bill, the striking coal mi-  
ners will continue to paralyze un-  
mercifully according to an ultimatum they  
issued to the premier today.  
The Liberal newspapers are urging  
Asquith to compromise, the laborites  
and Irish Nationalists being opposed  
to the bill as it stands.

## LA FOLLETTE ADOPTS PLAN

Will Favor Government Own-  
ship of Alaskan Mines and  
Steamships

WASHINGTON, March 21.—Sen-  
ator La Follette will make govern-  
ment ownership and operation of  
Alaskan coal mines and an Alaska  
steamship line via Pacific ports and  
the Panama Canal, the chief instru-  
ments of his Pacific coast campaign,  
according to a statement made here  
today.

KASE FIRES SCHEDULE OF  
QUIZES AT GOV. JOHNSON  
LOS ANGELES, March 21.—De-  
manding a frank answer, Thomas K.  
Kase, president of the Los Angeles  
County La Follette Club, in an open  
letter to Governor Johnson, asked  
eleven leading questions regarding  
Johnson's shift from La Follette to  
Roosevelt. The questions, if answer-  
ed, would bare the entire procedure.  
Kase also asks whether the vice  
presidential consideration influenced  
Johnson.

Kase states that a similar letter to  
Senator Works brought a clear an-  
swer, and suggests that Governor  
Johnson owes it to himself and the  
public to also give an answer.

### FEDERATED STATE SOCIETIES ARE TO PUT UP BUILDING

LOS ANGELES, March 21.—Within  
twenty-four hours after the announce-  
ment of the plans, more than \$100-  
000 was subscribed to the proposed  
ten-story Federated State Societies  
of Southern California building, ac-  
cording to Treasurer M. M. Davidson late  
yesterday afternoon.  
The million dollars necessary for  
the building and purchase of the  
ground near Seventh street and  
Broadway will be raised within sixty  
days, the treasurer said, thus insur-  
ing the new structure for occupancy  
July 1, 1913. With the statement that  
the fund subscriptions were being re-  
ceived at an encouraging rate was  
an outline of further plans for the  
proposed building.  
Sixty state organizations form the  
Federated State Societies with a  
membership of 500,000.

## DEBATE ISSUES BEFORE YOUNG VOTERS

(Continued from page one)

two years from now. That is not business." The speaker called attention to the fact that when the Los Angeles Board of Public Works got ready to take bids for Hollywood sewers a contractor said he would bid \$100,000 less if a proper plan was laid out, the plan under which bids were called for being a mistake.

"That is exactly our situation," said the speaker. "It was a mistake not to adopt the plan laying the sewers but six feet deep. Three of the present board were not on the board when the survey was adopted."

**The P. E. Railway**  
"No one can get ahead of me in an effort to get the P. E. here. It will make Orange bigger and better than all the other things combined. All the San Diego fair tourists would see our city. At present most of the route of the Santa Ana to Los Angeles line is a disgrace to the county so far as showing the real county is concerned. We want to show our county right."

"Two routes from Santa Ana have been talked of, one along the beautiful, winding river, the Santiago creek, which would not show our beauties right. The other would be along the present line. The latter would cost nothing and would be through orchard territory."

"A committee went to see Mr. Shoup, and he indicated that he wanted a private right-of-way along the creekbed. On that committee were two trustees. No one said 'Boo' against the proposed creek route. 'That may be the route the P. E. wants, but if it can't get that it will take the other. What is needed now is another committee to make a fight for the other route. There is a place for you young men to strike and do something.'

**More About Sewers**  
"Another thing about sewers. The ordinance states that a connection from a single house shall be a 4-inch pipe, and for two houses a 6-inch pipe. A 4-inch pipe would be better by far as it would scour out. I today signed a contract for a 6-inch pipe to connect two houses, and that cost will be \$10 more than it would have been with the 4-inch pipe."

Craddock in closing read a letter from a rancher, name not given, who

said he did not like the way the Germans are running Orange, saying he hoped Orange would run its government without reference to nationality.

He denied a statement in a circular that all of the present board had resigned, for but one had resigned. Getting to the sewer question, he said that the soil at Orange is different from that at Santa Ana, and excavations cost more.

"Why did we put the sewers so deep?" he asked. "Because sewers of less depth would not drain the entire city. The Chamber of Commerce plan would not drain the northeast corner."

A question asked by Gardner was as to the men offered in place of the old board.

Craddock: "Old men for council, young men for war." You have been given a chance of nine men instead of having to take five offered. All I ask is that you vote conscientiously for the five men that will make the best trustees. Don't talk this trading horses in the middle of the stream. There is nothing to it."

By a question from W. O. Hart, it was brought out that the \$40,000 loss spoken of by Craddock was what the loss will be should the present sewer plan be carried out to the entire city, and connections made with every lot. It does not mean the loss has as yet actually taken place.

Gardner stated that the P. E. has set stakes for a proposed right-of-way about 100 feet north of the creek bed, probably a preliminary survey.

**Dittmer's Side of It**  
Adolph Dittmer, president of the city board, said he would show where

the alleged mistakes were not mistakes.

Dittmer presented a cross-section of Batavia street from La Veta to Walnut showing that to get drainage at both ends of the street the outfall at Chapman must be as deep as built.

"Santa Ana is having trouble because its sewers were not laid deep enough. Some of the sewers to be laid in the P. E. tract are but two feet deep. Santa Ana is up against the proposition of not being able to drain the whole city. Our sewers are built to accommodate every portion of Orange as it is today."

"By the Chamber of Commerce plan one-third would have had to be paid by the rancher who got little benefit. Ten years from now you will recognize the wisdom of deep sewers, and if anything you will wish they were laid deeper."

"Why did we not go out La Veta avenue? Because that would not allow fall enough to let the sewage into our septic tank."

"Is it cheaper by bonds or cash? Bonds interest would mean in the long run we would have to pay two or three times the original cost."

"We had an option on the Kling property for \$6000. Under forced sale that place was afterward sold for \$4500. We did buy eleven acres in the river bed, more as a dumping ground. We have signed a contract with Leonard, who will take care of the sewage for five years. After that three-fourths of the sewage may be sold by the city, and we will get a good price for it for irrigation."

"As to the 6-inch connection pipe. That was a mistake on the part of the superintendent. I agree that the 4-inch is better, and the ordinance says not over a 6-inch pipe for two houses. Mr. Craddock can get a 4-inch pipe if he asks for it tomorrow."

There has been some condemnation of the Merchants and Manufacturers' Association. We have acted for what we thought was the best interests of the city. We got out advertising booklets. We got out buttons boosting for bonds. We have worked for better fire protection and a better water system."

"One of the candidates of the opposition has opposed every movement for improvement. If they want to be progressive, let them put up a man who is progressive."

"We have improved the lighting system."

In reply to Craddock's question, Dittmer said the Nutwood tract could be sewer. Dittmer said the committee had had no definite answer from Shoup concerning the P. E. route. The paving money would have been used earlier had there not been opposition to the sewers and money not been forthcoming for that project. The board did not believe in laying pavement, then tearing it up."

After the discussion, the speakers retired, and the club took up a resolution that was presented endorsing the present board of trustees, and that resolution was passed by the club.

The banquet was served by the proprietor, W. B. Weatherbee, in an excellent manner, and was up to the high standard set by the new hotel, which makes a specialty of its culinary department.

Santa Ana Chamber of Commerce Directors to Meet Twice a Month

The Santa Ana Chamber of Commerce directors last night went on record as opposed to any reduction of tariff on sugar. F. B. Case was chosen to draw up a resolution to that effect, which resolution will be signed by the president and secretary of the organization and sent to representatives at Washington.

An amendment to the by-laws of the Chamber of Commerce was adopted, making the regular meetings of the directors on the first and third Wednesdays of each month instead of on the first Wednesday only.

E. A. White, W. W. Simons, J. T. Raitt, James Irvine and C. A. Kingston were elected members of the Chamber of Commerce.

## BOND CASE TO HIGHER COURT

Petition Filed for Mandate to Validate Local High School Issue

In the District Court of Appeals at Los Angeles yesterday Attorneys R. Y. Williams and W. F. Heathman, representing the Santa Ana Board of Education, filed a petition for a writ of mandate to compel T. B. Talbert, chairman of the Board of Supervisors, to sign the \$200,000 bond issue recently voted by the city for the construction of a polytechnic high school. This was in accordance with the agreement reached between the school authorities and the supervisors, and followed the formal demand made on Mr. Talbert yesterday to sign the bonds, which demand was refused in accordance with the agreement.

As yet no date has been fixed for the hearing of the petition, and Attorney Williams stated this morning that he had no information as to when it will come up. When the court gets ready to hear the case the local attorneys will be notified, and will then present their arguments. It is hoped to get an early hearing of the case.

The action at present being carried through is a friendly one, and is intended to establish definitely the status of the bond issue. The bond buyers who bid in the issue refused, after investigation, to accept them, on the ground of alleged irregularities in the call for the election. They have agreed, however, that should the bonds be held valid by the higher court they will be accepted.

## BALDHEADS

More Women are Bald Than Men, Says Authority

This is a startling statement but it's true, according to an article published in a standard magazine this year.

One thing is certain, PARTISAN SAGE will surely prevent baldness by stopping the hair from falling, but it won't grow hair after the head is bald.

Ladies, look after your hair, destroy the dandruff germs with PARTISAN SAGE and dandruff will disappear. It stops scalp itch over night and is guaranteed to be the most refreshing, refined and agreeable hair dressing that can be obtained. Sold by the Rowley Drug Company and druggists all over America for 50 cents.

## Doctors Use This for Eczema

Dr. Evans, Dr. Commissioner of Health, says: "There is almost no relation between skin diseases and the blood. The skin must be cured through the skin. The germs must be washed out, and so salves have long ago been found worthless. The most advanced physicians of this country are now agreed on this, and are prescribing a wash of wintergreen, thymol and other ingredients for eczema and all other skin diseases. This compound is known as D.D.D. Prescription for Eczema."

Dr. Holmes, the well known skin specialist writes: "I am convinced that the D.D.D. Prescription is as much a specific for eczema as quinine for malaria. We have been prescribing the D.D.D. remedy for years."

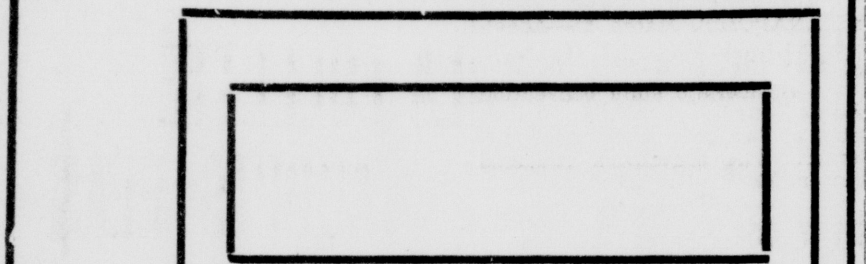

We, ourselves vouch for the D.D.D.

Prescription for eczema and absolutely guarantee that it will take away the itch the instant you apply it.

If you are suffering from any form of skin trouble we would like to have you come to our store, for we have had the agency of this remedy for so many years that we can tell you all about D.D.D. Prescription and how it cures eczema. In fact, we are so sure of what D.D.D. will do for you that we will be glad to let you have a \$1 bottle on our guarantee that it will cost you nothing unless you find that it does the work. That matter a trial bottle for 25c ought to be enough to absolutely prove the merits of the remedy.

## TO DISCUSS FUMIGATION

Important Meeting of Citrus Fruit Growers is to be Held at Ontario

ONTARIO, March 21.—A meeting is being held in Odd Fellows' Hall today, of the various Co-Operative Fumigation Societies of Southern California.

It is the purpose of the promoters of this meeting to bring together the men of the various societies and to gain such experience as may be helpful in perfecting what may be considered the most up to date methods in fumigation from a practical standpoint; varieties of cyanide to use; kind of sulphuric acid; what is to be considered a fumigating formula; sizes of tents and treatment of same; how often dosage, etc.

Of the cyanide question, that will cover both sodium and potassium, and the degree of purity necessary to uniformity in work.

A paper will be read by E. H. Sellers, of Arlington Heights, on the subject of Fumigation with reference to climatic conditions.

Mr. Fred J. Smith, of Pomona, will deliver an address on the subject of "Responsibility of Fumigating Societies with reference to damage cases."

Mr. Fred Gantenbaine, of Covina, will give an address on the subject, "Sodium vs. Potassium Cyanide."

R. N. Woodworth, Redlands, will talk on "Up-to-date and Complete Formula for Fumigating."

These topics will lead to the discussion of the various phases of fumigation, and after each subject questions may be asked by any one present.

It is expected that all those interested in fumigation in all localities will be present and compare the work done in other places which is also to include the item of expense.

It was with the purpose in view to establish uniformity in prices and efficiency, that P. W. Tonnieson, president of the Ontario Society, called will in probability be done at the Bernardino on the 21st of last month. So much interest was manifested in that meeting that it was decided to form a permanent organization which will in probability be done at the meeting to be held in Ontario next Thursday.

## HOTEL TALK OF THE TOWN

The talk on the streets today about the possibilities of a new hotel shows much interest, but not a great deal of confidence and determination.

A report is current that an option, or at least a price, had been secured on Mrs. Dr. J. G. Bailey's home property on Broadway for hotel purposes. It has a frontage of 195 feet on Broadway, by a depth of 275 feet, and is ideally located for a combination tourist and commercial hotel.

The price asked for this property is said to be \$40,000, one-fourth cash, balance long-time payments at 6 per cent. It is understood that, until recently this property has been offered at \$30,000.

## TWENTY-THREE STRIKE-OUTS

Barker Makes Wonderful Record in Game Won by Santa Ana Yesterday

(By Vern Smith) It was not much trouble for the Red and White to walk over Whittier's cracked team yesterday at the latter's diamond. Santa Ana high school's nine was in good condition and played a good clean game.

The first inning started out with two strike-outs and a pop fly to first for Santa Ana. The Whittier lads struck out in one, two, three order under Barker's good pitching.

The second inning Santa Ana cut loose. Walters made a hit, got on first, stole second. Ball made a good hit over second, helping Walters to score, sliding home. Both Duhart and Pease made hits and got on bases. Barker, next man up, made a clean drive over center field, bringing in Pease and Duhart.

With three men on bases and two men down, Hood tried to steal home from third. Barker being on the watch threw the ball home. Hood started back to third and Pease threw to Carver, who put Hood out, thus making three outs and not allowing Whittier to score.

Ball showed up good in right field and was there with the fielding, catching a hard drive from Hokenburg of Whittier. Walters made a pretty slide of about ten feet to home plate, scoring a run. In general the Red and White players were "there with the goods."

Barker, pitcher for Santa Ana, certainly did some excellent work, several times he pulled his team out of the hole. He pitched a good steady game and the Whittier lads could not touch his swift curves. Barker broke his record in strike-outs, having a score of twenty-three to his credit after the game. He walked one man only.

## GARDEN GROVE W. C. T. U. 1912 ELECTION

Reports Heard for Past Years' work—Delegates Named for Co. Convention

GARDEN GROVE, March 20.—The W.C.T.U. met with Mrs. Emma Davis yesterday afternoon, with a good attendance of members.

The annual election of officers took place and resulted as follows: President—Mrs. Nellie Winslow. Vice President—Mrs. Arrowsmith. Recording Secretary—Mrs. Mary Ware.

Corresponding Secretary—Mrs. Amy Graves.

Treasurer—Mrs. Emma Davis. Assistant Treasurer—Mrs. Lillian Harrison.

A rising vote of thanks was tendered Mrs. Julia Garrison, the retiring president, for her untiring efforts in behalf of the union for the past two years.

A vote of thanks was given also to Mrs. Estelle Harper, superintendent of the Y.P.B., and Mrs. Annie Steele, superintendent of the L.T.L. Delegates were chosen to represent the union at the county convention to be held in Anaheim next month.

A meeting was called for Tuesday afternoon, April 2, at the home of Mrs. Harper for the purpose of selecting superintendents for the several departments.

Reports from the various superintendents for the past year showed good work accomplished in many ways.

## PHYSICIAN SPOKE ON SEXUAL HYGIENE

At the Congregational church last evening before a comparatively large attendance, Dr. H. W. Wickett of Fullerton gave a splendid talk on the topic of "What We Should Know About Boys and Young Men," which was a special lecture on sexual hygiene. This topic was of vital interest to older boys and young men because the vast majority of them are left to learn the most important facts of life in underhand and impure ways and as a result much that is harmful physically and morally comes with it. Many boys who now go wrong because of ignorance or wrong construction might be saved by hearing such helpful and instructive talks, such as Dr. Wickett gave last night. The talk was a pure scientific presentation of the story of life from a Christian physician's standpoint. It proved helpful in answering some of the many questions in the mind of the youth. At the close of the meeting some asked the speaker questions, all of which were ably and instructively answered, and every one present joined

## THE REAL VALUE OF THE SELF CRANKING

**Cadillac**  
Is not adequately expressed by its price.

If you are familiar with motor car conditions you know that the Cadillac is practically outside the zone of competition.

Almost everybody is Cadillac-convinced—almost everybody concedes its unique reputation.

But have you realized the full and splendid extent of that reputation?

It was brought home to us (for the thousandth time) in a new way, the other day, when we banteringly asked one of the most prominent dealers in the Cadillac organization:

"Don't your customers ever speak of other cars in comparison with the Cadillac?"

And he answered in all seriousness: "Only those of the very highest price—and then not in disparagement of the Cadillac."

Conditions in this locality will confirm this.

Intensified by the luxury of the system which performs the triple function of starting, lighting and igniting, the PERFECTEDNESS of the Cadillac has reached a point which is not adequately expressed by the money cost of the car in comparison with existing price standards.

We can make immediate delivery of either of these models

SOFT SATIN COSTUMES, in pink and in white trimmed in fine quality torchon, exclusive models, priced at only \$17.00.

ELEGANT SILK POPLIN COSTUMES are among the best we show for spring. We have an exceptionally beautiful model in lavender, made of satin bordered material with stenciled roses; over-skirt trimmed in silk fringe; drop of same material. An exclusive model priced at \$25.00.

WHAT A PRETTY LINE OF DRESSES! That is exactly what you would say if you should see these dainty new garments—in the prettiest of silks, blues, pinks, lavender, green, gray, stripes or plain, and fine wool serges, they are cut in chic new styles, dutch neck and short sleeve, tastefully trimmed. And most of them show the new, high waist line that is so becoming.

AND HOW REASONABLY THEY ARE PRICED! The serge dresses cost only \$6.00, or \$10.00 for the nicest ones; and silk dresses can be had for \$12.00, \$13.50, or \$15.00. It certainly does not pay to bother with having them made when you can get individual models so well made for so little money.

## CREDITABLE TO CUTTLE

Yesterday the Register published a report from the Riverside Enterprise (opposed to Cuttle) of a Cuttle meeting in Riverside at which the congressional candidate spoke at some length on the issues of the day and on the questions in the Riverside county fight between himself and Mr. Evans. This report seemed to be quite full and fair—and in the main it was,—but two very important and significant phases of the meeting were not presented. The Riverside Press (neutral in the Evans-Cuttle fight) brought out these phases.

The first was the introduction of Mr. Cuttle by George Frost, "The Grand Old Man" of Riverside. For many years Mr. Frost has been perhaps the best loved and most trusted and influential citizen of Riverside county. The Riverside Press thus reports the introduction of Mr. Cuttle by Mr. Frost:

"George Frost introduced the speaker and declared himself glad to be known as Frank Cuttle's friend and backer. He said he had known him for almost 30 years, his acquaintance beginning when Mr. Cuttle was appointed janitor at the lower end of the valley. He told how Mr. Cuttle had risen step by step in the service of the Riverside Water company until he became its president. There had never been a time in all these years that he had not been willing to give full 24 hours a day to the work of his office. Opportunity had been given for Mr. Cuttle to associate with men of national prominence in his work of forest and water conservation, and he measured up with the biggest of them."

The other point of importance brought out in the Press report of the meeting is of especial local interest. It refers to Mr. Evans' charge of bad faith on the part of Mr. Cuttle, based upon the refusal of the committee of the Progressive Republican League of Orange county to pledge the League's support for Mr. Evans in case he should win in the postal primary in Riverside county. Mr. Cuttle had nothing to do with the action of the committee and no knowledge of it until after it was taken. On this point the Press report says:

"In his introductory remarks, Mr. Cuttle said that when he entered the race for congress he thought it would be a friendly rivalry between neighbors, but that it had developed into an old-time political game. As evidencing his own good faith, he agreed to submit all correspondence and letters to his opponent's committee and would withdraw if this committee found that he had been guilty of any unfair methods."

## BUY RAILROAD TICKETS IN SANTA ANA

Santa Anans are loyal in most things, but there is one matter in which they are woefully lax. Prima facie, it appears like a small matter, but if taken seriously it would give Santa Ana credit for many thousands of dollars each year on the books of the railroads for which the town deserves credit and doesn't get it.

The matter in question is that many people who leave Santa Ana do so on business or other errands, and for obvious reasons do not care to have the public know where they have gone or even that they have gone at all and as a matter of habit or convenience, or with a desire to dodge newspaper reporters and thus avoid publicity, they go to Los Angeles on the P. E. and there buy their tickets to San Francisco, St. Louis, Kansas City, or Chicago, as the case may be, thus giving the Los Angeles office the credit for Santa Ana business.

To such it may be said that as far as newspaper reporters are concerned, any man or woman leaving Santa Ana and not desiring the fact to be printed has only to ask any newspaper man in a civil way not to mention his or her departure and he will receive the assurance that it shall not be disclosed.

The advantage in buying tickets at home is obvious, and if Santa Anans will pause to think that it places this town in a position to ask more from the railroads, they will conclude that it is the thing to do even from a personal standpoint.

Moreover, there are the local railroad boys to consider. Either they get commissions on sales or their salaries are based on volume of business. They are the very best of good fellows—every one of them;—they are our fellow citizens. They spend their money in Santa Ana, and we owe them our good will and helpfulness.

## FIVE MEN KILLED AND NINE HURT IN BOMB EXPLOSION

OPORTO, March 21.—Five men were killed and nine others wounded by the bomb explosion in the suburb of Niraquia Tuesday night. Among the dead is a barber named Cesta, who was the real leader of the party organized for the defense of the republic. He was engaged with the others in manufacturing bombs, the ultimate use of which is not known.

The roar of the explosion was heard for miles. Four houses were reduced to ruins and the authorities believe the bodies of the other persons are still buried beneath the debris. Two arrests have been made.

## THE WHOLE WORLD HOPES TO PROFIT BY PANAMA CANAL

NEW YORK, March 21.—Dr. Fusio A. Morelos, minister from the republic of Panama to Germany, Holland and Belgium, who is in New York on his way to Panama after an absence of several years in Europe, says that all the European nations are getting ready to take every possible commercial advantage of the Panama Canal. One of the last things he heard before sailing for New York was the talk of a new Belgian steamship line, which it is proposed to operate between Belgium and Portland, Ore., via the Isthmian Canal.

## CHARTER FORM OF RULE SOON FOR LOS ANGELES COUNTY

LOS ANGELES, March 21.—Los Angeles county, for the first time in its history, today is subject to a charter form of government. The county ordinance drawn up by Chief Deputy District Attorney Byron Hanna and adopted three weeks ago by the Board of Supervisors, has become operative.

Hanna said yesterday that on Monday next the supervisors will adopt a resolution naming May 14, the date of the presidential primaries, for the election of fifteen freeholders to draft the charter.

Hanna is now preparing the special ballot which will be used. To get a place on the ballot each candidate must have the support of 3 per cent of the vote cast at the last election.

## CATCHING UP WITH ROOSEVELT

By JUDSON C. WELLIVER in Mnusey's Magazine

## ROOSEVELT AND THE PANAMA CANAL

President Roosevelt's determined measures to insure the construction of the Panama Canal were bitterly opposed. He was criticized for his alleged relations to the insurrection on the isthmus, and to the establishment of an independent republic of Panama. But his vigorous handling of the matter prevailed, and made certain, despite the opposition of the transcontinental railroads, that the canal would be built.

The opposition rallied for its last stand in the attempt to override Mr. Roosevelt's wishes, and the recommendations of the American engineering experts, that a lock canal should be constructed. It would not be fair to state that all those who in Senate and House, voted in favor of a sea-level canal were actuated by a secret desire that no canal at all should be built. It is certain, however, that practically everybody who wanted to prevent or delay the construction of any canal lined up in favor of the sea-level plan.

Mr. Roosevelt opposed it because of the great expense, the uncertainty as to its feasibility, and the much longer time necessary to build it. He wanted a canal with locks, such as is now almost completed; and it is interesting to recall that the President's estimates of cost and time have been justified by the actual experience of construction.

The canal is to be opened to the world's commerce in 1913. The misgivings and uncertainties so boisterously proclaimed by Roosevelt's opponents have long since been forgotten in the national satisfaction at this government of the greatest engineering work ever performed by men—the biggest gift bestowed upon the world by any nation.

## STUDENT RULE FOR STANFORD WINS BY VOTE OF 536 TO 76

STANFORD UNIVERSITY, Cal., March 21.—By a vote of 536 to 76, the men students of Stanford University voted yesterday to assume complete self-government. In so doing they availed themselves of the privilege offered some time ago by President David Starr Jordan.

Heretofore the disciplinary powers of the university have been in the hands of the faculty, acting through its committee on student affairs. Prof. A. B. Clark, chairman of this committee, expressed his pleasure at the result of the vote and said that his committee would delegate immediately its authority to a similar committee of students.

Three Alienists Visit Him—One Said to Have Pronounced Thaw As Sane

NEW YORK, March 21.—Within the past week three celebrated alienists have made a critical examination of Harry K. Thaw in preparation for their next step in a movement to obtain the liberation of the young Pittsburg who shot and killed Stanford White. It is understood that one of the alienists is convinced Thaw is sane.

## IMPOSTER IS AGAIN HEARD FROM HERE

Mrs. Steele Finley has been requested to identify from among two pictures of a man who about a year ago swindled a number of Santa Ana women out of \$1 each. The swindler said he would give a year's subscription to Pictorial Review and a handsome berry set for \$1. The \$1 was paid by sixty or seventy women here. The berry set was never delivered, and the subscription never turned in. Mrs. Finley wrote to Pictorial Review and got a reply to the effect that the man was an imposter.

Yesterday Mrs. Finley got a letter from the Ville de Paris of Los Angeles, asking for identification by the pictures sent, and for any receipts given by the man. Mrs. Finley had destroyed the receipt given her. Mrs. Finley easily made the identification by the picture.

## POND IS READY TO USE SHOTGUN ON A LOCAL PEEPING TOM

C. I. Pond is going to use a shotgun on a Peeping Tom who has been operating in the neighborhood of Vance and E streets, if the Peeping Tom gives Pond an opportunity. Tuesday Evening Chauncey Pond returning home about 8:30 o'clock surprised a man looking in at the window of the Pond home. The man ran. When Chauncey told his father of the occurrence, Pond got his gun and went out in search of the miscreant. The shoe-track beneath the window is that of about a No. 7 shoe. Pond says there have been other reports of peeping in that vicinity, and he for one will take drastic measures if he gets a chance.

## SAN BERNARDINO'S ORANGE SHOW PAID COST AND THEN SOME

SAN BERNARDINO, March 21.—Fifty per cent of the guarantee fund for the National Orange Show will be returned to the subscribers. The total receipts during the show amounted to \$16,000; expenses were slightly above \$14,000.

President Grow has called a meeting for tonight to win up the affairs of the show and appoint a committee to make preliminary arrangements for the show next year.

From the time when he was Assistant Secretary of the Navy under McKinley, Mr. Roosevelt was always and uniformly an advocate of building a great and powerful navy. After his accession to the Presidency, he pressed with redoubled energy for constant and uniform expansion of the battleship fleet, and to his insistence is due the fact that today our fleet is second among those of all nations.

Without doubt, our possession of a vastly superior naval force was one of the most important factors in assuring peace with Japan during the troublous period of negotiation concerning the admittance of Japanese laborers to this country. More than this, Mr. Roosevelt was able to give the world a most impressive testimonial of American naval power by sending the fleet on its memorable trip around the world in 1908.

That trip, by the way, provided one more occasion for the discomfiture of the Roosevelt critics. There were such in plenty, who denounced the project as a piece of rare folly, declaring that the fleet would never succeed in the grand tour; that half its members would be lost in the Straits of Magellan; that the vessels would be worn out and obsolete by the time they arrived home, if any of them were fortunate enough to do so, and much more of the same sort. The event proved that Roosevelt knew his navy better than his critics knew it. The fleet returned intact to Hampton Roads, with every vessel in fighting trim, after a triumphal tour such as no other armada in the history of the world had ever undertaken. It carried the American flag and the solid evidence of American power to all the seas, to every quarter of the world, for the inspection of the nations.

### AT RALPH MEAD HOME

Ladies of Missionary Society Had Good Program on China—Social Hour Enjoyed

The ladies of the Missionary Society of the Congregational church were entertained at a pleasant home of Mrs. Ralph Mead yesterday afternoon when the regular monthly meeting took place. The subject for the afternoon was China and its conditions. Mrs. C. F. Crose, being in charge of the program. A number of the new members, together with others, joined in the discussion and presentation of the subject.

The lighter part of the meeting consisted largely of music, an instrumental number by Mrs. C. F. Crose opening the program. Two vocal numbers were given by the Missionary Society quartet consisting of the Mesdames Crose, A. E. Chapman and Albert Beales. Later the refreshment committee furnished dainty things to eat, and a social time was enjoyed.

Mesdames Strong, C. F. Crose, Pendleton and Miss Celia Catter were named as delegates to attend the missionary convention to be held in Claremont in April.

A committee was also appointed to formulate resolutions of condolence to be presented to the family of the late Mrs. C. S. Crookshank, a long loved and valuable officer and member of the society.

### Wyoming State Picnic

C. A. Titus, who formerly lived in Wyoming, was among those who attended the Wyoming State picnic held yesterday in Eastlake Park, Los Angeles. He reports a large attendance of former Wyomingites, there being among them many of the old pioneer stockmen of Wyoming with whom he was formerly associated. They were accompanied by their families and greatly enjoyed meeting in this fair Southland.

The picnic was very successful, a delightful program of songs and speechmaking being enjoyed before and after the bountiful picnic dinner that was a leading feature of the event.

Mr. Titus has the promise from a goodly number of his friends for a visit to Santa Ana in the near future when they will be shown some of the numberless resources of the city and its surrounding country.

### EASTERN STAR EVENTS

District Deputy Given Pleasant Welcome by Hermosa—P.M.A. Elects Officers

There has been much social activity in Eastern Star circles this week. The first event was the visit on Monday of Mrs. Eva Boyd, District Deputy Grand Matron, Mrs. Boyd coming in her official capacity. On Monday afternoon she held a school of instruction, which was largely attended, proving most valuable.

Monday evening, Mrs. Boyd gave the officers and members of Hermosa Chapter the benefit of criticism on the work presented. She gave much praise and little unfavorable comment. Worthy Patron C. F. Crose, on behalf of the officers and members of the chapter, presented Mrs. Boyd with a handsome hand-painted china plate. A souvenir quilt, presented by Worthy Matron Mrs. Balderson, for the Past Matrons' Association, will amusingly recall to Mrs. Boyd her friends of the organization. Supper was served in the banquet room, table decorations being a la St. Patrick. Clever responses to toasts were made by Mrs. O. M. Robbins on "Leap Year," Mrs. W. L. Grubb, on "The Man," W. L. Grubb, on "The Woman," and Mrs. H. Clay Kellogg, on "St. Patrick."

The second event of interest was the meeting of the Past Matrons' Association on Tuesday afternoon at the Masonic Temple when the following officers were elected: President, Mrs. H. H. Reeves; vice president, Miss Pauline Reinhaus; secretary, Mrs. O. M. Robbins; treasurer, Mrs. T. A. Winbiger.

The association has proved to be a real delight to those belonging and has succeeded beyond their most sanguine expectations. It has brought together past presiding officers of Eastern Star chapters from many parts of the United States, and has established another link in the great fraternal chain of Masonry and the Eastern Star. Its social meetings have been charming in every respect, and have aroused interest all over Orange County. Indeed several similar organizations are to be established in different sections of the county in the near future.

### DELIGHTFUL PARTY

Miss Donaldson Hostess to 50 Guests From Philathea and Baraca Circles

A most delightful social party was given Wednesday evening at the apartments of Miss Luella Donaldson on North Sycamore street, her guests being fifty of her friends from Philathea and Baraca circles of Santa Ana. The rooms were trimmed in smilax and fresh flowers, carrying out the green and white color scheme adopted by the hostess.

Several exciting games were enjoyed, but the feature of the evening was Harry McPhee's home run, which won the honors in the beau racing contest. At the close of the very jolly evening, the hostess served a delicious two-course luncheon which put the finishing touches to the delightful entertainment which will long be a pleasant memory to those having the privilege of being present.

### Bradley-Barnes

Accompanied by her portrait the following notice of the marriage of Miss Georgia Barnes appeared this morning in the Los Angeles Times, Miss Barnes, according to the Times, having "taken a march on her father and friends yesterday by being quietly married in Palo Alto."

"Slipping away from their friends after having planned an elaborate church wedding, Miss Georgia Maureen Barnes, a Santa Ana society girl, was married yesterday at Palo Alto, to Samuel H. Bradley, a well-known broker of Los Angeles."

"The wedding was originally planned for June. Several weeks ago Miss Barnes went to Palo Alto to visit Mrs. Hubert Jenkins, a young society matron of that city. Her fiancé quietly left his business early last week, without advising his friends, and went to the northern city, where the two were quietly married."

"After a wedding tour in the Northwest, Mr. and Mrs. Bradley will take apartments in Los Angeles until their beautiful bungalow in the Wilshire district is completed."

"Mrs. Bradley is the daughter of Dr. H. E. W. Barnes of Santa Ana. Her husband is a member of the brokerage firm of F. W. Smith & Company. Before leaving for Palo Alto the bride was the guest of honor at a number of smart functions, given in Los Angeles, Hollywood and Santa Ana."

### College Class Reunion

Justin M. Copeland and his wife, of this city, Saturday attended a very interesting meeting of the alumni of Lawrence University, of the class of '51, of which class Mr. Copeland was a member. Of the original class of seven, five of the graduates are still alive and four of them were present at the reunion.

The celebration was in the form of a banquet at the Mt. Washington Hotel, in Los Angeles. A round table was set apart in the dining room of this beautiful hotel for the old class-mates and a few of their most intimate friends, making a party of twelve in all. California poppies, with a touch of green in remembrance of St. Patrick's Day, formed the color scheme of the table decorations. A basket of poppies set in the center of the table, was encircled by loops and bows of yellow and green satin ribbon, and the snowy cloth was sprinkled with blossoms of the same brilliant flower. Hand painted place cards, bearing the date of the reunion, the name of the guest whose cover it marked, and "Lawrence University, Appleton, Wisconsin, Class of 1857," were used.

The affair chanced to be on Mr. Copeland's birthday, so a beautiful birthday cake ornamented with seventeen candles was a feature of the dinner. "Quips, jests and merry tales flew round the board, and turned its barrenness into a feast." Class jokes and reminiscences of college days long past, were the subject of conversation during the dinner hour. The ages of the party ranged from

The two other members of the class who were present were Rev. H. Colman and his wife, Lucinda Colman. Mrs. F. M. Bue of Spokane, Wash., was also a member of the class, but was unable to be present.

"We meet to part, our ways may never all again converge; and yet, 'tis sweeter to remember than it could be to forget."

The class will be entertained by Mr. and Mrs. Copeland with a weekend house party at their home on Sycamore street. A dinner is planned for next Saturday.

### Surprised Newly Weds

Mr. and Mrs. C. W. Spence of Santa Clara, newly wed, were surprised by a number of their friends Thursday evening.

The party gathered at the North Main street store and went from there in a company to invade the new home. The surprisers carried with them well filled baskets and served a splendid seven o'clock dinner. The place cards were red hearts tied with white ribbon.

After leaving the table the evening was spent in parlor games and social conversation. A most delightful time was enjoyed by all.

Those present were Messrs. and Mesdames John Pfeifer, Chat Hooper, Chas. Testor, C. M. Lewis and Miss Daisy Lewis.

## CONVENTION ON MARCH 29

Sunday Schools of Anaheim  
District Gather for  
Discussions

ANAHEIM, March 20.—The annual convention of the Anaheim district Sunday school will be held in this city at the Presbyterian church, Friday, March 29. At the forenoon session Miss Meme Brockway of Los Angeles will illustrate and discuss "Graded Lessons;" Mrs. D. W. Hanson of Buena Park will talk on the subject of "Our Girls;" Rev. Bruce Brown of Fullerton will talk on "Methods of Increasing Sunday School Attendance."

The afternoon program will include a roll call of all the Sunday schools in the Anaheim district, which includes northern Orange county. Speakers for the afternoon will be Miss Margaret Walker, Anaheim, who has taken for her subject "Ideals and Aims in Primary Work;" Mrs. R. A. Marston, Fullerton, will conduct the mothers' department and Dr. O. B. Waite, Los Angeles, will talk of the "Problem of Teacher Training."

"Decision Day in the Sunday School," is to be the topic which Rev. H. M. Moore of El Modena will speak on. "The Boy Problem" is to be discussed in a general manner. Those in attendance will enjoy a basket lunch at the noon hour.

### A RANCH TRADE

ANAHEIM, March 20.—Mr. Francis Rogers of Pasadena, has traded his 20-acre ranch which lies about three miles due west of Anaheim, to James P. O'Brien of this city for a house and lot on Fifty-third street, Los Angeles, and some cash. Mr. O'Brien expects to improve this ranch at once by setting it out to Valen class. He also expects to put up a residence on the property.

### BEAVER STRUCK BY BIG BEACH COMBER WITH SOME DAMAGE

PORTLAND, March 20.—A huge freak comber struck the steamer Beaver, flagship of the Harriman San Francisco-Los Angeles-Portland line Monday, while she was crossing in over the Columbia river bar. The wave came aboard on the port side aft, and caved in the paneling of two staterooms. Both rooms were flooded with water and the rail outside and other light woodwork suffered some damage.

## A LITTLE DANDERINE WILL MAKE YOUR HAIR LUSTROUS, SOFT, FLUFFY, ABUNDANT

Get a 25 Cent Bottle Now and  
Forever Stop Falling Hair, Itching  
Scalp and Dandruff

If you Wish to Double the Beauty  
of your Hair in Ten Minutes surely  
Try a Danderine Hair Cleanse

Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a Danderine hair cleanse. Just try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt and excessive oil and in just a few moments you have doubled the beauty of your hair.

A delightful surprise awaits particularly those who have been careless, whose hair has been neglected or is scraggy, faded, dry, brittle or thin. Besides beautifying the hair at once, Danderine dissolves every particle of dandruff, cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair.

Try as you will, after one application of Danderine you cannot find any dandruff or a loose or falling hair, and your scalp will never itch, but what will please you most will be after a few weeks' use when you will actually see new hair—fine and downy at first—yes—but really new hair sprouting all over the scalp. Danderine makes the hair grow long, heavy and luxuriant and we can prove it. If you care for pretty, soft hair and lots of it, surely get a 25 cent bottle of Danderine from any drugstore or toilet counter, and just try it.

## PRODUCTION WILL BE FULL OF INTEREST

Students Will Make Costumes  
to be Worn for Giving  
a Play

ANAHEIM, March 21.—Under the direction of their music teacher, Mrs. Bartlett, the glee club of the Anaheim Union High School will give the operetta "Ali Baba" (The Forty Thieves), at the Opera House, April 4. A special feature connected with the event is that all the costumes used in the operetta are being cut and made by the domestic science students of the high school and the art students are designing and manufacturing the scenery which will be used. This scenery is being made by young ladies of the advanced art class and is the first work of the kind ever attempted in Orange county in connection with the high schools.

### C. WILLIAMS WAS VERY BADLY HURT

Orange News: The report that J. J. Williams, who was injured Saturday in Los Angeles, is in a serious condition, was confirmed last evening when his son, H. O. Williams, returned from a visit to his father. Whether or not the injuries sustained by Mr. Williams will prove fatal is impossible to determine, but his recovery is in doubt. In addition to the broken bones he is thought to have been injured internally.

Dominico Piro and Pietro Seggio, two Italian linen peddlers, were fined \$250 each in the recorder's court yesterday afternoon. Straying from the path of safety and prudence by distributing their wares without a license, the men fell into the watchful clutches of one H. S. Warner, city marshal by occupation.

The peddlers, it seems by their actions, hoped to avoid detection by having one keep watch while the other worked. The combination failed to work with the marshal, who quietly gathered evidence, then gathered the peddlers. After paying their fines, the Italians were unable to purchase a license. The impression that they were, after paying the fine, free to continue the peddling unmolested, was quickly discouraged, so the only remaining course was taken. The peddlers left town.

## NEW BUILDING NOW ASSURED

Building Committee of Y. M. C.  
A. Has Purchased Lots  
For Institution

ANAHEIM, March 20.—A new Y. M. C. A. building to cost between \$20,000 and \$25,000 is an assured thing for this city now. A meeting of the building committee was held last night, and three lots on South Philadelphia street were purchased. The building will be started just as soon as plans have been drawn up which are satisfactory. The building committee is composed of J. F. Walker, W. M. Wickert, C. E. Eganbrod, J. W. Duckworth and Wm. McLaughlin.

For the last month work has been going on in looking for available sites. A mass meeting was held, and the matter was presented before the Board of Trade of this city at one of its meetings about a month ago. It was stated at that time that much had been done, and that with a little more financial help, it was certain that this building could be built.

## CONCRETE PIPE IS FACTORY'S OUTFALL

ANAHEIM, March 21.—The Los Angeles Concrete Company is making excellent progress with the installation of the big drainage water ditch of the Anaheim Union Water Company beyond Placentia. James King, who is in charge of the work, has over 2000 feet of pipe down and 2000 remaining to go down. The job will require six weeks' work yet.

### YORBA LINDA NOTES IN FULLERTON TRIBUNE

Grading of the townsite will be commenced this week and the Janss Investment Company will begin the erection of a sanitarium as soon as the ground is available. Plans have not been decided upon definitely. The place will not be open to persons afflicted with disease, but will be more in the nature of a "rest cure" and retreat for the brain weary.

Strange Fatalities  
A strange fatality seems to have fastened itself upon the members of the Yorba Linda Ladies' Circle. Mrs. C. C. Rivers invited the circle to her home for a meeting February 8, and a few days previous was called to Exeter to the death-bed of her sister-in-law. Mr. and Mrs. Rivers have moved to Exeter and will make their home there. The next circle meeting was called for February 29, but was again postponed by the death of the president's (Mrs. Poter's) father, Mr. Jacob Mantle, who was laid to rest on that date. At the meeting March 7 Mrs. G. W. Isaac agreed to be the hostess on March 28, and the next day she was called to Long Beach to attend her father, who was thrown from a wagon and injured. Details of the accident have not been received, but it is sincerely hoped that the injury is not fatal. Mrs. F. G. Page will receive the circle in Mrs. Isaac's stead.

### Newsy Notes

Mrs. A. L. Page returned Sunday night from a week's visit in San Fernando, where the recent precipitation and storm damage greatly exceeded the same here. Five inches of rain fell between the hours of 7 a. m. Saturday and 7 a. m. Sunday. Storm drains were inadequate and cellars and stores were filled with mud and water. The rain was accompanied by a terrific north wind which tore down buildings in the course of construction and smashed things generally.

Invitations were sent out for a lecture March 13 at the school house by Mrs. Harry Huston of Los Angeles, of the Parent-Teachers' Association. No report of the meeting has been received.

W. H. Pullen of San Bernardino is finishing up his building in the townsite and is installing a line of groceries and staple goods. Mr. Puller's son has purchased a ten-acre ranch adjoining the townsite.

### EL MODENA NOTES IN THE ORANGE NEWS

A baby boy was born yesterday to Mr. and Mrs. Harvey Hadley. At a recent meeting of the El Modena W. C. T. U. the following officers were elected: Mrs. W. M. Durham, president; Mrs. A. O. Hodson, vice president; Miss Elma Summers, secretary; Mrs. Ella Murray, treasurer. George Thompson of McPherson is visiting in Hemet with his sister, Mrs. Jesse Shaver.

Mrs. Eva Murray of Seattle, is visiting here with her brothers, Theodore and B. M. Culter. She will remain for some time.

The Spanish Juniors, under the care of the Misses Lulu Evans and Maud Meadows, enjoyed a party at the "Friends" church Saturday afternoon. About forty were present.

Mr. and Mrs. Harris of San Diego, spent the latter part of last week with Mr. and Mrs. Dan Buchheim of Prospect avenue. Mr. Harris is freight agent for the Santa Fe at San Diego.

Wade Flippin has a force of well diggers at work improving the well on his ranch.

Mrs. Lizzie Harris returned yesterday to Los Angeles, after visiting here for awhile with her mother, Mrs. J. R. Fletcher.

If the amendment to our State Constitution concerning the "recall" of judicial officers is not to be a dead letter, then it appears to this corner of the Kansas Tin Shop that it is about time to apply it to the judges of the Appellate Court.

Two or three years ago a most foul murder was committed in this county and there was no question of the guilt of the accused man. He broke jail and endangered many lives and being finally caught, was duly convicted and sentenced to prison.

Now comes the court (next below the Supreme court) and while raising no question as to the guilt of the murderer discovers an error in the ruling of the judge before whom the man was tried and sends the guilty man back for a new trial.

Now, when it is remembered that, because of the character of the man, any witness who testifies against him is in danger of his life and because of such danger it is very difficult to convict one of his race and when the great cost of the trial, the recapture and final conviction of that man is considered, it is a crime against humanity to impose this additional burden on this community and then take the chance that the former witnesses cannot be found.

That court was organized by the people in order to expedite the business of courts of justice and as it has so often, on the merest technicality, obstructed justice, it is time to recall those judges or abolish the court.

That's my sentiments.

S. HILL.

### LOS ANGELES PRODUCE MARKET

There was a much firmer tone to the market for oranges, and as a result all yellow varieties advanced from 25 to 50 cents. Quotations were fixed at from \$4 to \$4.25 per hundred-weight. The advance was due to the limited holdings and with practically no stock in sight. Indications are that prices will shortly show another advance, if the present state of the market is any criterion. No receipts were reported in.

Receipts of asparagus were liberal, principally from the Sacramento River districts. The price was a trifle firmer than the previous day. Fancy lots sold at 10 cents per pound and some extras commanded a premium. No. 2 stock sold at 8 cents per pound. Celery was firm. There was a good demand for choice stock at \$5.75 per crate. Considerable short stalk moved out at \$4 per crate. Rhubarb was abundant and weak, plenty of stock being held over from last week. The citrus fruit market was dull and featureless. There was only a moderate call for navel oranges and sales were confined to one and two box lots. Standard sizes were firm at the old range of prices.

Apples were slow sellers, even in Bellefonte and Newton Pippins, included. Dried fruits continued steady with a slow movement. Prunes are still in demand in the East and fancy large stocks are well cleaned up. Ordinary sorts are still to be had at former rates.

The egg market showed no change. The demand was about in keeping with the receipts. Case counts at the prevailing quotation of 21 cents were best in call. Sales were not brisk on change. Receipts were 860 cases. The market on both creamery extra and creamery firsts butterm was firm.

Ladle and country grades were inclined to drag. The market was featureless. Arrivals were 21,852 pounds. Potatoes were firm under the revised figures of the previous day. Notwithstanding, that there are liberal holdings, most handlers are storing their stocks in anticipation of a shortage in the East. The San Francisco market is quoting spuds at a higher rate than the local market and this has served to keep the market in excellent shape. Arrivals were 3654 sacks.

No bean receipts were reported in. The market was firm. Sweet potato arrivals were 89 sacks. The market was firm on fancy stock, while inferior grades were sacrificed to keep a free movement.

## SCARE FOR COT GROWERS

Lively Shower of Hail May Have Injured the Blooming Trees

A lively shower of hail just at noon lasting about five minutes inaugurated another storm which at the present outlook promises to give the ground another good soaking. The fall of hail was sharp for a time, and the ground was almost covered with the stones.

which, however, melted at once. Some fears are expressed that the hail, if it extended out into the surrounding territory, may have done some damage to apricots. Many of the orchards are now just coming into full bloom, and are very susceptible to injury. People living south of the city, however, report that there was no hail in that section, and the fall may have been entirely local in character.

The shower will be of great benefit to the barley which was given a start by the rains of the early part of the month, and some of which was showing the need of additional moisture. The rain was also welcomed by the beat and bean growers.

According to the gauge of S. Hill & Son the rainfall up to 2:30 had been .22 of an inch.

## HOW TO BE HEALTHY

—Is it said by an eminent authority that 99 per cent of all illness is due to wrong methods of living—wrong eating—wrong sleeping, wrong dressing, wrong working—wrong thinking. Stand up in front of your mental mirror—examine yourself. Don't you see where you are bucking nature. Eating as though you had only two minutes to catch a train—building a million dollar air castle while you eat—burning the candle at both ends—late and early. Your stomach, liver, kidneys are all out of whack—and no wonder. You don't need a lot of poisonous drugs—but you do need "Brackett's System Builder" to give you a fresh start. It's a simple herb remedy. Acts on the entire system—a house cleaner. In pleasant-to-take tablets. 50 doses, 50c. 6 boxes, \$2.50.

### WANT THE SANTA FE TO SELL BUILDING

Two Mexicans Arrested Also Station are Sent to Jail for Ten Days

Deputy Sheriff Squires last night arrested two Mexicans sleeping in the old Santa Fe depot at Aliso, and Justice Cox sent them to jail for ten days. The officers are attempting to break up the hobo headquarters at Aliso. The Santa Fe will be asked to dispose of the building, which it no longer uses, and which is nothing but a sleeping place for hoboes.

## AT THE COURTHOUSE

**Petition Filed**  
Rosa E. Gearhart has asked for letters of administration on the estate of C. S. Gearhart, who died at Orange, leaving an estate of \$9275. ### LEG WAS BROKEN IN AUTO MIX-UP

A. C. Cummings, who lives in the northwestern part of the city, suffered a broken leg in a collision with an automobile at the corner of Fourth and Broadway yesterday afternoon.

According to the story told by Cummings, he was riding his wheel south on Broadway, being on the right side of the street, and when near the corner an auto turned into the street from Fourth, cutting the left-hand corner and giving him no opportunity to get out of the way. In the mix-up Cummings was thrown to the ground and his leg fractured. He was also bruised about the body and hips.

Cummings was taken to the county hospital, where his injuries were given attention.

Cummings is 57 years of age and lives on the ranch of Jacob Crowninshield, on Hannah street, near the bridge. The driver of the auto got away without his identity being learned.

There was a report current on the street that the automobile concerned in the accident was the delivery wagon of Bergman & Oharr, but this was positively denied by the firm in question. Witnesses to the accident said that the auto was not a delivery machine, but were unable to tell what make it was.

### DE WITT MIX MIXED UP WITH SAUSAGE MACHINE

De Witt Mix, an employee of the Santa Ana Meat Market, was injured at about 2:30 o'clock, by the sausage machine used in the market.

Mix went above to fix the belt of the sausage machine and while working on the belt, his butcher's apron caught in the machinery, and winding up tore the clothing from the right side of his body and injured his right arm. A severe bruise was made on his neck. He was able to go home, however, and the doctor thinks his injuries will prove more painful than serious.

**MRS. TINGLEY SEEKS SETTING ASIDE OF WILL CASE VERDICT**

SAN DIEGO, March 21.—State Senator Leroy A. Wright, chief counsel for Katherine Tingley, yesterday filed with the clerk of the superior court a motion to vacate the verdict of the jury, declaring Mrs. Harriet Thurston of unusual mind and under undue influence at the time she made her will leaving the bulk of her fortune to Mrs. Tingley.

Judge Guy is expected to deny the motion. Motion of appeal will then be filed.

### TRACTION MERGER IN SAN FRANCISCO

SAN FRANCISCO, March 21.—One of the biggest traction mergers of the West was effected yesterday with the consolidation of all the electric lines and properties of the United Properties Company into the San Francisco-Oakland Terminal Railway. The new corporation is capitalized at \$28,175,000. Its principal owner is F. M. Smith, multi-millionaire of Oakland.
